Boil Time	75 mins
Yeast	Nottingham (2 sachets)
EBU Bitterness	42
ABV	4.8 (Estimated)
Brewers Comments	The beer is called Nearly IPA because I was aiming for a beer with the fresh and fragrant hop character of an IPA but without the chewy sweetness and alcohol hit of a traditional IPA. It is heavily based on Sara Carter's excellent Jaipur style recipe, but it is my attempt to make something a bit closer to Castle Rock's more manageable Screech Owl.
